Report by J.J. Johnson

Apparently there is as much Justice in Macon, Georgia as there is in Justus Township, Montana. Yesterday the U.S. Magistrate Richard L. Hodge Ruled that the case of Bobby Starr and Jimmy McCranie will be sent to a grand jury for possible indictment. He also said there is probable cause that a crime has been committed, and that the accused committed the crimes.

Since our last report, we have learned the following:

- * Last Monday, at about 12:00, Nancy Lord's room was searched illegally by an unknown federal agent after she checked out. The FED asked about J.J. Johnson, specifically.
- * There is documented information proving that confidential informants were paid by the BATF to make pipe bombs. Reports say that agent Steven Gillis testified to this under oath, but we have not yet seen the transcripts of the preliminary hearing.
- * A Local Columbus Police officer verified our last report with the FBI office in Atlanta. Also stated that J.J. Johnson was almost arrested for "questioning the authority" of the Sheriff. This was due to the fact that J.J. called the U.S. Marshall Service after being denied entry to see Bob Starr at Nancy Lord's request.
- * Another cameraman (FOX 24 TV) also verified snipers around the Federal building in Macon on Monday.
- * Sheriff deputies now stand outside the jailhouse with Shotguns.

The Grand Jury will be convened Wednesday May 15, 1996. The time is not set. The federal grand jury will be a "Starr Chamber", e.g., private where the prosecution (FEDs) will present their case to the Grand Jury.

Through our investigation, we believe that paid government agents (Danny and Kevin Barker) were attempting making bombs to stage a terrorist strike at the Olympic Games in Atlanta, Georgia this summer and blame the Georgia Militia. this clandestine activity is called "Operation Piedmont". Piedmont Road is a major thoroughfare in Atlanta which passes Piedmont Park and Georgia State University (Athletics).

We have turned this information over to the proper authorities. The names are withheld at this time so as not to compromise our investigation.

If anyone has any information concerning news reports of a "domestic threat to the olympics" or any other information please send to E Pluribus Unum. (see address below)

Today, two innocent men rot in jail; held without bond, while the government admits in court that their own paid agents collected and transported materials to make pipe bombs. The Starr and McCrannie families are devastated. The fear of these two men being "railroaded" through the federal injustice system via government witnesses who can and will LIE under oath, along with all the other illegal activities that have occurred in this area, can make almost anyone feel the situation is hopeless. This will be the case if we maintain our current posture.

We must become pro-active. As I compile this report, my emotions have turned from fear and frustration to that of Anger and Resolve. A voice in my heart is saying, free Bobby and Jimmy. Damitt... FREE BOBBY and JIMMY NOW !!!

If you agree then call and say so:

Call the BATF at: (912) 474-0477

At this time we are now asking for a physical presence at the federal injustice building on May 15th. We are asking for all wishing to make a more pro-active stance to be at the Second Annual Gadsden Minutemen "Good Old Boys' Roundup" (All races welcome) May 17- May 19 in Gallant Alabama.
